Scandinavian Society of Forest Economics (SSFE) organizes its biennial scientific conference May 21–23 2014 in Uppsala, Sweden. The aim of this international conference is to present current research, exchange ideas and promote collaboration between researchers in forest economics.

All interested researchers are invited to participate in the meeting and to submit abstracts for papers to be presented.

The society is organized around four working groups:
1. Business Economics of Forestry & Forest Management and Planning
2. Forest Policy
3. Forest Industry & Forest Products Markets
4. International Forestry

Parallel sessions will be organized according to these working groups. In addition there will be plenary sessions with distinguished keynote speakers:
- Professor Nick Hanley, UK
- Professor Gregory Amacher, USA
- 3rd speaker to be confirmed

Post-graduate students presenting a paper are eligible for free accommodation and conference participation.

This year, the Biennial meeting of the SSFE is joined by the researchers of the NEWFOREX (EU-FP7, www.newforex.org) project, focusing on methods and policies for the provision of forest ecosystem services. Thus special attention will be given to this in sessions on economics and policy.

Main organizer:
Swedish University of Agricultural Sciences
Department of Forest Products
P.O. Box 7008
SE-750 07 Uppsala, Sweden
